ALEX NOH

ndh707@gmail.com | 604-442-8928 | Vancouver, BC, Canada

RESEARCH INTERESTS

My research interests lie in **Human-AI Interactions**, **eXtended Reality (XR)**, and **Accessibility**, particularly building, evaluating, and studying AI and XR systems that enable novel interactions and augment human cognition. Currently, I am working on AI-mediated systems for knowledge work and cognitive accessibility.

EDUCATION

Simon Fraser University Expected Graduation: May 2027
Bachelor of Science, Computing Science GPA: 3.74/4.33

Korea Advanced Institute of Science and Technology (KAIST) *August 2026 - December 2026*
Exchange Student & Research Intern

EXPERIENCE

Korea Advanced Institute of Science and Technology (KAIST) Daejeon, South Korea
Research Intern (with Dr. Juho Kim) *August 2026 - Present*
Developing a design framework for interfaces that support human oversight and steering of multi-step AI workflows.

Simon Fraser University Burnaby, BC

USRA Research Assistant (with Dr. Parmit Chilana) *May 2026 - September 2026*

Leading a research study on AI-supported scholarly reading for researchers with ADHD, investigating the effects of AI support, collaboration, and disruption on ADHD scholarly reading workflow.

Assisted with study design, study sessions, and manuscript writing for TangiTinker, an AI-assisted system for authoring interactive tangibles.

Research Assistant (with Dr. Lawrence Kim & Dr. Wolfgang Stuerzlinger) *May 2025 - Present*

Leading a research project on the novel use of Extended Reality and Artificial Intelligence to support students with ADHD in attention management, resulting in a first-author DIS publication, and co-authored UIST SIC Finalist.

Amazon Web Services Vancouver, BC

Software Developer, Practicum *May 2024 - September 2024*

Developed client-facing latency visualization and optimization tool, and RAG LLM chatbot for AWS Sync team.

Douglas College New Westminster, BC

Research Assistant *January 2024 - May 2024*

Collaborated with the Faculty of Applied Community Studies on a VR educational software.

Arcana Studio Burnaby, BC

Software Developer, Intern *April 2019 - July 2019*

Developed automation scripts and custom tools for 3D content creation to streamline artist workflows.

RESEARCH MENTORSHIP

Duc Anh Nguyen *May 2026 - Present*

Undergraduate RA

Audrey Safikhani *September 2025 - May 2026*

Undergraduate RA
